

Wanted to let you know I have listened to all of them  
and have found them wonderful...a real blessing...  
I have read the bible daily for over 5 years and of course  
have found many of the same parallels you bring out...  
love Melchizedek and the Jordon river that you have  
pointed out..one of my favorite sayings is, "what is in the  
old testament concealed is in the new testament revealed."

You bless my life..thanks Walter.
